

## SYNCHRONOUS BELT DRIVE KITS

### THINK SYSTEM

For **maximum safety**, when the timing belt is due for replacement all other parts of the belt drive subject to wear and tear should be replaced at the same time. Replacement with **high-quality components that meet or exceed Original Equipment (OE) specifications** is your best assurance of continued trouble-free performance. With Gates being a renowned OE supplier to all major car manufacturers, you can be sure our full line of PowerGrip® Kits for the aftermarket is manufactured using the exact same quality standards.

When it's time to change the belt, **recommend a full overhaul** with PowerGrip® Kits from Gates. Reliable OE quality, fewer comebacks, happier customers.

## SMART ALL-IN-ONE SOLUTIONS

Replacing all wear parts of the synchronous belt drive simultaneously is the best approach to prevent comebacks and profit losses. Gates provides **kit solutions with critical extras for virtually every car make and model**. With PowerGrip® Kits from Gates, garages can be sure to receive total solutions that include all the technically-relevant components needed to **do replacement jobs right first time**.

### GATES OFFERS YOU READY-MADE SOLUTIONS TO PERFORM A COMPLETE JOB:

#### POWERGRIP® KIT

All-in-one kit that contains the OE-quality PowerGrip® belt(s) plus all matching OE-quality metal components and accessories.

#### POWERGRIP® KIT PLUS ABDS WATER PUMP

For applications where the accessory-belt-driven water pump can only be reached when the timing belt is removed.

#### POWERGRIP® KIT PLUS WATER PUMP

The same components as a PowerGrip® Kit with the addition of the application-specific water pump.

#### POWERGRIP® KIT PLUS WATER PUMP PLUS THERMOSTAT

For applications where the thermostat sits behind the timing belt drive system.

#### POWERGRIP® KIT PLUS SUBARU SPACER TOOL

With exclusive tool to ensure the correct clearance is achieved on specific Subaru engines and prevent costly premature timing belt drive failure.

#### YOUR ADVANTAGES

- Restoring the complete system with perfectly matched OE-quality components prevents costly comebacks
- Ordering only one product saves time and therefore, money
- One warranty covers all parts
- A full range available for more than 95% of all European vehicles
- Detailed installation instruction for accurate installation

**DRIVEN BY POSSIBILITY™**
