

STRAIGHT HEATER HOSE

Product Type:

Cooling Systems

Recommended for:

Extremely durable heater hose for straight and slightly curved connections. The resilient reinforcement allows the hose to fit a pipe that is 4 mm larger than the nominal inside diameter of the hose. Strong and flexible body allows bending to medium-bend radius.

Resistant to:

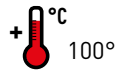

Tube and cover resists heat, ozone and coolants. Resilient textile reinforcement withstands internal pressure and allows installation on enlarged-end connections.

Construction:

Shape: Straight
Tube: EPDM
Reinforcement: Polyester
Wire: -
Cover: EPDM

Standards:

SAE Norm -
Din Norm DIN 73411 class A
